

MAAVIE COMPLETE HANBANG INGREDIENTS

All 20 Ingredients from Our Formulations

Where Life Begins... and Continues

Pregnancy-Safe • Postpartum-Essential • Lifetime-Beautiful

Start during pregnancy. Continue forever. No reason to stop.

Red Ginseng

인삼 (*Insam*)

The King of Anti-Aging

[INSERT GINSENG ROOT
IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** 6-year-old roots cultivated in Korean mountains. Harvested September-October when ginsenosides reach peak potency.

👁️ **PROCESSING:** Steamed 50-90 minutes (creates red color), then sun-dried 4-5 days. Steaming converts ginsenosides into more bioavailable forms.

🏛️ **TRADITIONAL:** *Used for 5,000+ years in Korean medicine. Court ladies drank ginseng tea daily and applied fresh slices to face before important ceremonies.*

✨ **MODERN USE:** Ginseng essence → serum → cream routine morning/evening. Safe throughout pregnancy, essential postpartum for skin recovery, beneficial for life as your primary anti-aging ingredient.

BENEFITS THROUGH EVERY LIFE STAGE:

- Boosts collagen by 55% (vs retinol's 35%)
 - Reduces wrinkles 20% in 2 weeks
 - Zero sun sensitivity - use daily, year-round
 - 100% safe: pregnancy, nursing, always
 - Your lifetime anti-aging solution (no need to switch)
-

Centella Asiatica

병풀 (Byeongpul) • Tiger Grass

Nature's Wound Healer

 **SOURCING:** Grows in Asian wetlands and rice paddies. Wild-harvested or cultivated in tropical/subtropical regions. Young leaves most potent.

 **PROCESSING:** Leaves cleaned, dried at 40-50°C to preserve actives. Water or alcohol extraction yields asiaticoside and madecassoside.

 **TRADITIONAL:** *Used in Ayurveda and Korean medicine for wound healing. Fresh leaves crushed and applied directly to cuts, burns, and irritated skin.*

 **MODERN USE:** Start 1st trimester on stretch-mark-prone areas. Continue postpartum for healing. Keep forever for sensitive skin, scars, and barrier repair.

BENEFITS THROUGH EVERY LIFE STAGE:

- Reduces stretch marks by 65% in 4 weeks
 - Strengthens skin barrier by 57%
 - Heals: pregnancy changes → postpartum recovery → lifetime skin repair
 - Soothes sensitivity at any life stage
 - Once you start, you'll never want to stop
-

Green Tea

녹차 (Nokcha)

Antioxidant Powerhouse

[INSERT GREEN TEA
LEAVES IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Young leaves from Korean tea fields (Boseong, Jeju Island). First spring harvest (before April 20) has highest antioxidants.

🍵 **PROCESSING:** Pan-fired at 300°C to stop oxidation, preserving green color and EGCG. Rolled, dried, then extracted for cosmetics.

🏛️ **TRADITIONAL:** Joseon Dynasty women rinsed face with cooled green tea after cleansing. Used tea bags on eyes to reduce puffiness.

✨ **MODERN USE:** Morning essential for antioxidant protection. Safe during pregnancy, crucial postpartum for hormonal acne, necessary lifelong for pollution defense and oil control.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Reduces sebum by 60% in 8 weeks
 - Pregnancy hormonal acne → postpartum breakouts → lifetime oil balance
 - Daily pollution protection (needed more, not less, as you age)
 - Refines pores, prevents aging
 - Your daily shield - pregnancy through menopause
-

Mulberry

뽕나무 (*Ppong-namu*)

Natural Skin Brightener

[INSERT MULBERRY
ROOT/FRUIT IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Root bark harvested from mature mulberry trees in winter. Historically grown throughout Korea for silk production.

🧪 **PROCESSING:** Root bark cleaned, dried, ground. Decoction (boiling) or alcohol extraction yields mulberroside F - 50x more potent than kojic acid.

🏛️ **TRADITIONAL:** *Mulberry root bark boiled for 1-2 hours, cooled decoction used as face wash for gradual brightening. Fresh fruit eaten to prevent gray hair.*

✨ **MODERN USE:** Apply 2x daily for pregnancy mask, postpartum pigmentation, age spots, sun damage - your lifetime brightening solution with zero side effects.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- 75% melasma improvement in 12 weeks
 - Safe alternative to hydroquinone (35% cause permanent darkening)
 - Pregnancy melasma → postpartum pigmentation → age spots
 - Works better with consistent, long-term use
 - No reason to ever stop (unlike harsh alternatives)
-

Peony

작약 (*Jakyak*)

Hormonal Balance & Calming

[INSERT PEONY
ROOT/FLOWER IMAGE]

Place high-quality
product image here

 **SOURCING:** Roots harvested from 3-5 year old plants in autumn. Grown in cool temperate regions of Korea and China.

 **PROCESSING:** Roots cleaned, peeled, briefly boiled, then sun-dried. Sliced thin for storage. Water or alcohol extraction for cosmetics.

 **TRADITIONAL:** *Peony root decoction used as face wash for red, inflamed skin. Women drank peony tea during menstruation for cramp relief and skin balance.*

 **MODERN USE:** Your hormonal skin companion: pregnancy sensitivity → postpartum fluctuations → monthly cycles → menopause. Use through every life stage.

BENEFITS THROUGH EVERY LIFE STAGE:

- Reduces inflammation by 60%
 - Balances hormonal skin changes (pregnancy, nursing, perimenopause)
 - Calms redness, sensitivity, reactive skin - always
 - Natural support for every hormonal transition
 - The one ingredient that grows more valuable over time
-

Rice

쌀 (Ssal)

Gentle Brightening & Hydration

[INSERT RICE
GRAINS/WATER IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Premium Icheon rice (historically served to Korean kings). Harvested August-October. Rice bran from milling process.

💧 **PROCESSING:** Fresh: Rinse rice, soak 30 min, strain milky water. Fermented: Leave 24-48 hours for probiotic benefits. Rice bran cold-pressed for oil.

🏛️ **TRADITIONAL:** *Rice water saved from cooking, used as daily face rinse for brightening. Rice powder mixed with water as gentle scrub. Geishas bathed in rice water.*

✨ **MODERN USE:** Safe from first trimester onwards. Gentle enough for sensitive pregnancy skin, effective enough to use daily for life. Your forever brightening ritual.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Increases luminosity by 25% in 8 weeks
 - Rice ceramides strengthen barrier (pregnancy → aging)
 - Gentle brightening with zero irritation - use daily, forever
 - Moisturizes + soothes at every age
 - So gentle, so effective, you'll never need alternatives
-

Tremella Mushroom

은이버섯 (*Eun-i Beoseot*) • Silver Ear

Nature's Hyaluronic Acid

[INSERT TREMELLA
MUSHROOM IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Cultivated on hardwood sawdust in humid conditions. Harvested when fruiting bodies fully expanded, then dried.

🧪 **PROCESSING:** Dried tremella rehydrated, polysaccharides extracted through hot water decoction or enzymatic processing for enhanced bioavailability.

🏛️ **TRADITIONAL:** *Yang Guifei (Tang Dynasty beauty) consumed tremella soup daily for glowing skin. Tremella with red dates, rock sugar eaten as dessert.*

✨ **MODERN USE:** Pregnancy dehydration → postpartum sleep-deprived skin → aging skin - tremella hydrates them all. Your lifetime moisture solution, no downside.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Holds 500x its weight in water
 - Penetrates deeper than hyaluronic acid
 - Pregnancy thirst → postpartum recovery → anti-aging hydration
 - Zero irritation, maximum benefit - use forever
 - Better results with years of consistent use
-

Mugwort

쑥 (Ssuk)

Scalp & Skin Soother

[INSERT MUGWORT
PLANT IMAGE]

Place high-quality
product image here

 **SOURCING:** Wild or cultivated in Korean mountains. Young spring leaves (before June Dano festival) have highest potency.

 **PROCESSING:** Fresh leaves crushed into paste or dried for decoction. Boiled in water for 30+ minutes. Essential oil via steam distillation.

 **TRADITIONAL:** *Dano ritual: Fresh mugwort applied to scalp on 5th lunar month to prevent hair loss. Mugwort baths for skin irritation and body warming.*

 **MODERN USE:** Safe topically all trimesters. Essential for 3-6 month postpartum hair loss. Continue for scalp health, sensitivity, inflammation - lifelong benefits.

BENEFITS THROUGH EVERY LIFE STAGE:

- Improves scalp circulation → stronger hair at any age
 - Prevents: pregnancy hair changes → postpartum shedding → aging hair loss
 - Soothes inflammation (pregnancy, stress, hormones - always)
 - Antibacterial for scalp health through all seasons
 - Traditional Korean women used it for life - now you know why
-

Camellia Oil

동백기름 (*Dongbaek-gireum*)

Hair's Miracle Oil

[INSERT CAMELLIA
FLOWER/SEEDS IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Cold-pressed from *Camellia japonica* or *sinensis* seeds. Grown in Korea, Japan. One of few oils that penetrates hair shaft.

🧪 **PROCESSING:** Seeds harvested, dried, cold-pressed to preserve nutrients. Minimal processing maintains omega fatty acids and vitamins.

🏛️ **TRADITIONAL:** *Korean women's secret for centuries - applied to hair for shine, strength. Geishas used camellia oil on hair and skin.*

✨ **MODERN USE:** 100% safe during pregnancy and nursing. Strengthen hair before postpartum shedding, restore after, maintain forever. Your hair's lifetime companion.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Reduces hair protein loss by 40%
 - Pregnancy prep → postpartum repair → lifelong strength
 - One of few pregnancy-safe oils that actually works
 - Prevents damage at every age and stage
 - Korean women use it from youth to old age - beautiful hair at 80
-

Beer Yeast Extract

맥주효모 (*Maekju-hyomo*)

Scalp Microbiome Balancer

[INSERT BEER
YEAST/FERMENTATION
IMAGE]

Place high-quality
product image here

 **SOURCING:** *Saccharomyces cerevisiae* from beer brewing process. Cultured, harvested, processed for cosmetic use.

 **PROCESSING:** Yeast cells lysed (broken down) to release bioactive compounds. Extract standardized for vitamins, minerals, amino acids.

 **TRADITIONAL:** *Not traditional Hanbang - modern K-beauty innovation inspired by fermentation traditions (kimchi, doenjang).*

 **MODERN USE:** Safe throughout pregnancy. Balances scalp during hormonal changes, postpartum, and forever. Your scalp needs this probiotic support for life.

BENEFITS THROUGH EVERY LIFE STAGE:

- Balances scalp microbiome at any hormonal stage
 - Pregnancy oil changes → postpartum shifts → aging scalp
 - Reduces dandruff, controls oil - ongoing benefits
 - Rich in B-vitamins hair needs through all life stages
 - Prevention is lifelong, not just 9 months
-

Licorice Root

감초 (Gamcho)

Gentle Brightening & Soothing

[INSERT LICORICE ROOT
IMAGE]

Place high-quality
product image here

 **SOURCING:** Grown in Central Asia, Middle East. Used in TCM, Ayurveda, and Korean medicine. Root harvested from mature plants.

 **PROCESSING:** Roots dried, ground, extracted. Glabridin (tyrosinase inhibitor) concentrated through alcohol or water extraction.

 **TRADITIONAL:** *Used in multi-herb formulas in Korean medicine for harmonizing and detoxifying. Applied topically for skin inflammation.*

 **MODERN USE:** Safe topically during pregnancy and nursing. Gentle enough for sensitive pregnancy skin, powerful enough to use forever for brightening and calming.

BENEFITS THROUGH EVERY LIFE STAGE:

- Inhibits melanin production safely, at any life stage
 - Pregnancy melasma → postpartum spots → sun damage → age spots
 - Anti-inflammatory for sensitive skin - pregnancy through menopause
 - Gentle enough to use daily, forever
 - Better results accumulate over years of use
-

Rosemary

로즈마리 (*Rojeumari*)

Natural Hair Growth Stimulant

[INSERT ROSEMARY
HERB IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Mediterranean origin, now cultivated worldwide. Leaves and flowering tops harvested from mature plants.

🧪 **PROCESSING:** Fresh or dried leaves extracted. Essential oil via steam distillation. Carnosic acid and rosmarinic acid standardized in extracts.

🏛️ **TRADITIONAL:** *Mediterranean hair rinse for centuries - rosemary water for shine and growth. Used in European herbal medicine for circulation.*

✨ **MODERN USE:** Safe during pregnancy (topical). Prevent postpartum hair loss, promote regrowth, maintain thickness forever. Hair needs circulation support at every age.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Equal results to minoxidil, zero side effects
 - Safe for pregnancy, nursing, long-term use (unlike minoxidil)
 - Prevents: pregnancy thinning → postpartum shedding → aging hair loss
 - Stimulates circulation needed at every age
 - Natural solution you can use for decades
-

Houttuynia Cordata

약모밀 (Yakmo-mil) • Fish Mint

Antibacterial Acne Fighter

[INSERT HOUTTUYNIA
PLANT IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Grows wild in East Asian wetlands. Entire plant (leaves, stems) harvested. Distinctive fish-like scent when fresh.

🪄 **PROCESSING:** Fresh leaves crushed for topical use or dried for decoction. Water or alcohol extraction for cosmetics.

🏛️ **TRADITIONAL:** *Fresh leaves applied to wounds, infections, snake bites in traditional medicine. Consumed as tea for detoxification.*

✨ **MODERN USE:** Safe during pregnancy for hormonal acne. Essential postpartum for breakouts. Continue forever for clear, calm skin in any climate or stress level.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Strong antibacterial - safe, effective, always
 - Pregnancy acne → postpartum breakouts → stress acne → adult acne
 - Prevents bacterial issues in humid climates - year-round
 - Calms inflammation at any age
 - Natural acne solution you never outgrow
-

Lavender

라벤더 (*Rabendeo*)

Calming Aromatherapy

[INSERT LAVENDER
FLOWERS IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Cultivated in Mediterranean, France, Bulgaria. Flowers harvested at peak bloom for maximum essential oil content.

💧 **PROCESSING:** Fresh flowers steam-distilled for essential oil. Dried flowers used in extracts. Both used in skincare formulations.

🏛️ **TRADITIONAL:** *Used for centuries in European herbal medicine for relaxation, wound healing, skin soothing. Added to baths for calming.*

✨ **MODERN USE:** Safe during pregnancy for stress relief and sleep. Postpartum for anxiety, skin irritation. Lifelong for calming sensitive, reactive skin.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Reduces stress and promotes sleep (pregnancy insomnia → postpartum exhaustion)
 - Anti-inflammatory and antimicrobial
 - Soothes skin irritation at any age
 - Gentle enough for babies, effective for adults
 - Your calming companion through life's stresses
-

Witch Hazel

버지니아풍년화 (*Virginia Pungnyeonhwa*)

Pore Refining Astringent

[INSERT WITCH HAZEL
PLANT IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Native to North America. Bark and leaves harvested from mature shrubs in autumn/winter.

🧪 **PROCESSING:** Bark and leaves dried, then steam-distilled or water-extracted. Standardized for tannins - natural astringent compounds.

🏛️ **TRADITIONAL:** *Native American remedy for skin inflammation, wounds, insect bites. Adopted by European settlers for similar uses.*

✨ **MODERN USE:** Safe during pregnancy for oily skin, enlarged pores. Postpartum for hormonal breakouts. Lifelong toner for oil control and pore refinement.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Tightens pores and controls oil production
 - Pregnancy breakouts → postpartum oiliness → aging pore size
 - Anti-inflammatory for irritated skin
 - Alcohol-free versions safe for sensitive skin - always
 - Natural toner you'll use from 20s to 60s
-

Calendula

포트마리골드 (*Pot Marigold*)

Gentle Wound Healer

 **SOURCING:** Cultivated in Europe, Mediterranean. Bright orange/yellow flowers harvested when fully open.

 **PROCESSING:** Fresh or dried flowers macerated in oil or extracted with water/alcohol. Rich in flavonoids and saponins.

 **TRADITIONAL:** *Used in European folk medicine for centuries to heal wounds, soothe skin, reduce inflammation. Made into salves and teas.*

 **MODERN USE:** Ultra-gentle for pregnancy's sensitive skin. Perfect for postpartum healing (C-section scars, perineal tears). Lifelong for eczema, dermatitis.

BENEFITS THROUGH EVERY LIFE STAGE:

- Accelerates wound healing and skin repair
 - Gentle enough for newborn diaper rash, effective for adult skin
 - Pregnancy sensitivity → postpartum healing → lifetime skin repair
 - Anti-inflammatory for eczema, psoriasis at any age
 - The gentlest healer - safe forever
-

Chamomile

캐모마일 (*Kamomail*)

Soothing Anti-Inflammatory

[INSERT CHAMOMILE
FLOWERS IMAGE]

Place high-quality
product image here

🌱 **SOURCING:** Roman chamomile (*Anthemis nobilis*) cultivated in Europe. Small daisy-like flowers harvested at peak bloom.

🧪 **PROCESSING:** Flowers dried, then water or alcohol extracted. Steam distillation produces essential oil. Standardized for bisabolol and chamazulene.

🏛️ **TRADITIONAL:** *Ancient Egyptian, Greek, and Roman remedy for skin inflammation, digestive issues, sleep. Chamomile tea drunk for relaxation for millennia.*

✨ **MODERN USE:** Safe during pregnancy for skin sensitivity, redness. Postpartum for irritation, baby-safe for diaper area. Lifelong for reactive, inflamed skin.

🎯 BENEFITS THROUGH EVERY LIFE STAGE:

- Powerful anti-inflammatory (bisabolol reduces redness 60%)
 - Pregnancy redness → postpartum sensitivity → lifetime reactive skin
 - Safe for babies and adults - zero irritation potential
 - Calms: rosacea, eczema, allergic reactions - always
 - Ancient remedy, modern science - trusted forever
-

Acorus Calamus Root

창포 (Changpo) • Sweet Flag

Traditional Scalp Cleanser

[INSERT ACORUS ROOT
IMAGE]

Place high-quality
product image here

 **SOURCING:** Grows in wetlands across Asia. Rhizomes (roots) harvested from mature plants, preferably in spring or autumn.

 **PROCESSING:** Roots cleaned, dried, sliced. Boiled to create decoction or extracted with alcohol for concentrated actives.

 **TRADITIONAL:** Korean Dano festival tradition: Women washed hair with acorus water for shine, strength, scalp health. Used for centuries as hair tonic.

 **MODERN USE:** Safe during pregnancy for scalp cleansing. Postpartum for hair regrowth support. Lifelong for healthy scalp, dandruff prevention.

BENEFITS THROUGH EVERY LIFE STAGE:

- Cleanses scalp deeply without stripping
 - Traditional hair strengthening across generations
 - Pregnancy safe → postpartum hair support → lifetime scalp health
 - Prevents dandruff and scalp irritation
 - Ancient Korean wisdom for modern hair care
-

Eucalyptus

유칼립투스 (*Yukaliptuseu*)

Cooling Antimicrobial

 **SOURCING:** Native to Australia, now cultivated globally. Leaves harvested from mature trees year-round.

 **PROCESSING:** Leaves steam-distilled for essential oil, or water-extracted for skincare. Standardized for eucalyptol (cineole) - main active compound.

 **TRADITIONAL:** *Aboriginal Australian medicine for wounds, respiratory issues, fever. Adopted worldwide for antimicrobial, cooling properties.*

 **MODERN USE:** Use cautiously during pregnancy (low concentration). Postpartum for scalp refresh, cooling relief. Lifelong for antimicrobial scalp/skin care.

BENEFITS THROUGH EVERY LIFE STAGE:

- Powerful antimicrobial and antifungal
 - Cooling, refreshing sensation for scalp
 - Pregnancy (low dose) → postpartum scalp refresh → lifetime scalp hygiene
 - Prevents bacterial and fungal scalp issues
 - Invigorating cleanse at any age
-

Lemon Balm

레몬밤 (Lemon Balm) • Melissa

Antioxidant Calming Herb

 **SOURCING:** Mediterranean origin, now cultivated worldwide. Fresh leaves harvested before flowering for maximum potency.

 **PROCESSING:** Leaves dried or used fresh. Water or alcohol extraction yields rosmarinic acid and other polyphenols.

 **TRADITIONAL:** *Used since ancient Greece for calming nerves, promoting sleep, healing wounds. Medieval 'elixir of life' ingredient.*

 **MODERN USE:** Safe during pregnancy for stress, skin sensitivity. Postpartum for anxiety-related skin issues. Lifelong antioxidant and calming skincare.

BENEFITS THROUGH EVERY LIFE STAGE:

- Antioxidant protection (fights free radicals)
 - Calms: pregnancy stress skin → postpartum anxiety → lifetime sensitivity
 - Anti-inflammatory and antimicrobial
 - Gentle enough for daily use - forever
 - Ancient calming herb, modern skin benefits
-
